As you might've seen me say lately, to get my new Trader Checklist streaming DVD guide FOR FREE all you have to do is go register at <http://traderchecklist.com> no strings attached, no BS, just 11+ hours of useful education ALL FOR FREE.

I'm giving [this 12-hour guide](#) away FOR FREE ~ because you now have NO excuse not to study my new Sykes Sliding Scale that will help you be better prepared on every single trade, help you choose the best trades and manage trades better while you're in them as it's preparation and discipline that will help you avoid being like the 90%+ of traders who continually lose.

New Trader Checklist DVD explains FAQs I get on subjects like “why is this stock not spiking even though it just won a big contract” and “why is this stock going up so fast even though they reported a big loss in their quarterly earnings report”?

There are rather simple answers to both these questions, but to get the answers, and to truly understand them, you must watch ALL 11.5 hours of my FREE Trader Checklist DVD guide so that you're also in a better position to be a worthy student of mine and not ask the same damn ignorant questions that everyone else who hasn't studied yet does.
